

About Us

About us

Westsend is a Canadian moving company serving Calgary and every major Canadian city. We have branches in Vancouver, Toronto, Montreal, Edmonton and Halifax. Since 1994 we have been providing superior service in and around the Calgary metropolitan area. Our reputation precedes us and we invite you to ask us for our satisfied customer's testimonials.

We believe that being in touch with the client before, during and after the move is of crucial importance. Keeping the communication channels open insures a stress and trouble free move.

All of our trucks are fully equipped with professional moving equipment including some specialize items especially adapted to the vigor of Calgary winters. Our employees are mostly local Calgary guys and they know the climate and how to deal with it. All of our movers must go through a rigorous examination before getting hired, they are well groomed, professional and bonded.

Any questions about West Send can be directly forwarded to the CEO at support (at) Westsend (dot) com – (address blocked to prevent spam). We look forward to be of service to you on your upcoming Calgary move.
