

Calgary Movers

Calgary Movers

The Calgary Moving Industry is booming, there is no doubt about that. With all that expansion a lot of people are moving in and out of Calgary. That reality has created a demand and multiple flights by night Calgary movers have burgeoned because of this reality. But we at westend.com have been around since 1997. We have a perfect track record with the BBB and try to offer the best service in Alberta and the greater Calgary region for the best and most affordable moving services. If you are looking for professional reliable Calgary Movers you have come to the right place. We can execute Calgary apartment, house, piano and condo moves anywhere in Alberta. We understand that finding Calgary Movers is no easy task so please have a look around our Calgary Moving website and get all the information you need prior to booking the move. We also give out free estimates in the Calgary area so please contact us and one of our professional Calgary Movers experts will come to your home or office to give you a free no obligation Calgary Moving Company quote.

We have been offering superior Calgary moving services at reasonable rates for over a decade. You can count on us for a safe, economical and stress free move in and around the Calgary area. We have the manpower and equipment to execute any kind of move, be it apartment, condo, house, office or even farms! In addition to the Calgary moving of your precious belongings, we also offer a packing service, with that option you don't even have to lift a finger. We execute a lot of moves of this kind while the client isn't even in town or near Calgary!

When planning your move, make sure to make a full and accurate list of items to be moved and email or fax it to us. We can then recommend among other parameters what truck size you will need. Our trucks range between 1-5 ton.

We also do long distance moves to every major Canadian cities including Vancouver, Montreal, Toronto, Ottawa and Edmonton. If you have a car that you also need shipped or transported we can arrange it through our network of auto transporters. Our method of choice for auto shipping is by rail since the containerized rail cars are safer for your vehicle's paint and exterior but we also offer shipping by open truck. Shipping by closed truck is also available but commands a premium shipping cost.
